HOW TO... CHARGE YOUR HEADSET

Prior to using the headset for the first time, please fully charge the battery.

Approximately 2 hours are required to fully charge the headset,

The indicator light turns red while being charged, and will turn to blue

automatically after being fully charged.

When the headset is running out of battery, the indicator light will fash red (the headset will switch off automatically when the battery is drained). Please charge the headset as above steps in time to prolong the battery's using life (Charging indication will be delayed for a few minutes if the headset has not been used for a long time or the battery is drained).

Use only the supplied cable to charge the headset, or could be dangerous and obey the validation for this product or the maintenance article.

Do not attempt to force open the built-in battery as this could damage the headset, if left unused, a fully charged headset will loose its power automatically. It is recommended to charge the headset each three months.

Do not leave the headset in a too hot or too cold condition (best between 15 and 25) which may affect the headset's operations although it is fully charged.

Do not dispose of the headset into a fire or water.

HOW TO ...

PAIR YOUR HEADSET WITH A BLUETOOTH MOBILE PHONE

Ensure the headset is off, and the distance between your headset and phone is within 1 meter,

Press and hold MFB until you hear a beep and the indicator light flashes red and blue alternately as PAIRING MODE.

Activate the bluetooth function on the phone, and search bluetooth devices (See the user guide of your phone for instructions).

Select headset "FISH30" from the found devices list of the phone.

Enter the passkey '0000', and confirm to pair the headset with your phone. The headset enters into the STANDBY MODE. (If the pairing cannot be completed within 5 minutes after the PAIRING MODE has been activated, the headset will enter into the STANDBY MODE. Repeat above steps to do the pairing again).

Ensure the distance between your headset and phone is within 10 meters, and without any obstacles, you can use the headset freely.

If the headset has paired with your phone but disconnected, it will connect the paired phone automatically when you turn on the headset again within operation range.

HOW TO...

TURN ON THE HEADSET

In OFF MODE, press and hold MFB for 2 seconds until you hear a short beep and the indicator light lashes blue, then the headset will enter into STANDBY MODE.

TURN OFF THE HEADSET

In ON MODE, press and hold MFB until you hear a short beep and the indicator light turns off, then the headset will enter into OFF MODE.
